CASE STUDIES

Vistra helps 1WorldSync consolidate global payroll and other corporate services amid rapid growth. Since 2019, Vistra has helped 1WorldSync reduce costs, improve operational efficiencies and deliver on ambitious acquisition and expansion plans. This success was achieved with Vistra's payroll, advisory, entity establishment and other corporate services amid 1WorldSync's rapid growth.

Together, Vistra and 1WorldSync achieved:

- Successful expansion into multiple locations
- Consolidation to one provider, helping simplify payroll operations across countries
- Smooth onboarding, timely payroll and guidance on employment-related matters, ensuring employee satisfaction
- Dedicated support with future requirements and acquisitions

From the very beginning, Vistra understood our business and our needs and has delivered on every level. Having a dedicated team and a direct contact means we can call or email and things get done quickly. They have experts across payroll, HR, tax and beyond, which gives us real peace of mind that we – and our employees – are in safe hands.

Eileen Timmins
VP, Human Resources and Administration, 1WorldSync

Vistra managed Clarivate's compliance risks for 98 entities in 43 different jurisdictions, ultimately helping them reduce costs, improve operational efficiencies and achieve faster speed-to-market, so they could maintain their position as a leading global provider of cutting-edge innovation solutions.

Together, Vistra and Clarivate achieved:

- Restructuring of number of legal entities
- Cost optimisation
- Reduction in operational inefficiencies
- Centralised billing process

Navigating a transition of this size can be overwhelming, which is why we needed to partner with a provider that could help simplify the process for us. Not only was Vistra able to provide the services we needed in each country, but they also used a central billing process for all those services. Having continuous access to all ongoing financial activities helped us make strategic decisions each step of the way, which was critical to the success of the project.

Martin Reeves
Corporate Secretary, Clarivate
